# UNIT 7

## Inventions & Inventors

Chapters 19&21

- 1) Look up the inventor and year to complete the chart. All the missing information is in the textbook.
- 2) Describe each invention.
- 3) Describe the impact the invention had on society, industry, and business.

<u>Invention</u>	<u>Year</u>	<u>Inventor</u>	<u>Description</u>	<u>Impact</u>
4-Wheel Automobile				
Antiseptics	1867			
Automobile				
Automobile Assembly Line	1913			
Bacteria Discovered	1890			
Cotton Gin				
Dynamite				
Dynamo	1831			
Electricity				
Flying Shuttle	1733			
Gasoline Combustion Engine	1862			
Germ Theory				

Human Flight				
Improved Iron				
Light Bulb	1879			
Radio	1896			
Seed Drill	1701			
Spinning Jenny				
Steam Engine				
Steam Locomotive	1825			
Steel				
Telegraph				
Telephone				
Waterframe
