

ACTIVITY 16

Reasons for Changes in Supply

**Part A.**

Read the following seven newspaper headlines. In each case, decide if the event will cause any change in the supply of cars. If so, determine if it is an increase or a decrease, and write the correct answer. Begin at curve C. If you think headline 1 means there will be a decrease in supply, write "decrease" in the first blank and "B" in the second blank; move to curve B to do headline 2. If you think supply will increase, write "increase" and "D" in the blanks for headline 2; move to curve D to do headline 3. If no change, write "N.C."

Move only one curve at a time. Do not skip from, say, A to C, even if you think the headline means there will be a large change in supply. Do not go beyond the five curves. If you are at A and the next headline implies a decrease in supply, you goofed somewhere. There is one headline that implies that the supply of cars does not change.

1. **Auto Workers' Union Agrees to Wage and Fringe Cuts**

Supply _____ Curve _____

2. **New Robot Technology Increases Efficiency**

Supply _____ Curve _____

3. **Nationwide Auto Strike Began at Midnight**

Supply _____ Curve _____

4. **New Auto Import Quotas Reduce Flow of Foreign Cars**

Supply _____ Curve _____

Unit 2

ACTIVITY 16 continued

5. **Cost of Steel Rises**

Supply _____ Curve _____

6. **Auto Producer Goes Bankrupt, Closes Operation**

Supply _____ Curve _____

7. **Buyers Reject New Models**

Supply _____ Curve _____

Part B.

Categorize each change in supply according to the reason that affected supply. Write the number of the headline next to the reason for the change in supply. In some cases, more than one headline could be matched to a reason.

- _____ A change in the cost of production
- _____ A change in technology
- _____ Natural disaster/other event that causes decrease in production
- _____ Government policies
